

Physiotherapy Department

**Prevent Correct promote health Treat
Rehabilitate Educate**

Background

Physiotherapy provides services that develop, maintain and restore people's maximum movement and functional ability. They can help people at any stage of life, when movement and function are threatened by ageing, injury, diseases, disorders, conditions or environmental factors.

Physical therapists practice in a wide variety of settings including independently practiced or other health care/service providers and also collaboratively within interdisciplinary rehabilitation/habilitation programmes.

The department of physiotherapy at UR-CMHS offers a Bachelor of Sciences with Honors in physiotherapy (BSc Hon. Physiotherapy).

Our Vision

To be a centre of excellence in the training and development of physiotherapy professionals in Rwanda and East African Region
